THOMAS R. KING
Chief of Police

February 9, 2015

It is with deep sadness and heartbreak to report that State College Police Officer Robert "Bob" Bradley passed away suddenly this afternoon. Bob, who was on duty working today, was found unresponsive at his home around 12:30 p.m. from an apparent medical issue. Centre County 911 was called and both Emergency Medical Services and Police were dispatched. CPR was performed both at the scene and while he was being transported to the Mount Nittany Medical Center but unfortunately Officer Bradley was pronounced dead around 1:30 p.m. The cause of death is being determined by the Centre County Coroner's Office.

Officer Robert W. "Bob" Bradley, age 43, began his employment with the State College Police Department in April 1996. Throughout his career, Bob was an outstanding police officer providing professional service to the Borough of Stage College, College Township, and Harris Township. The community was very fortunate to have Officer Bradley serving them.

This is a very difficult time for the Bradley family, friends, and the entire State College Police Department. Bob was a wonderful person, husband, father, friend, police officer, and colleague. Our thoughts and prayers are with Bob's wife, their children, and the entire Bradley family.

Chief Thomas R. King
